If the hosting schedule sometimes seems crazy, here is why: POT LUCK Rotation is in order numerically. SON UP is sort of the same way, BUT not really. If your TEAM has POT LUCK in a given month, the schedule tries to relieve you from SON UP serving two weeks before or after that service. Each team occurs 13 times during the schedule shown and you usually have serving duties every 4 to 6 weeks. The months with 5 Thursdays make scheduling hard!
